Tackboard option

▲ Available either as a single markerboard or, if required, in two sections. Specify with spline joint.

* Replace "XX" in model number with number of chosen tack surface:
20 = Natural Cork (1/4" cork over 1/4" hardboard)**
30 = Colored Cork (1/4" burlap-backed cork over 1/4" hardboard)**
50 = Vinyl or Fabric (on 1/8" cork over 3/8" fiberboard)

**NOTE: These configurations have a tacking depth of 1/4", standard pushpins have a 3/8" pin and will not push completely into the tackable surfaces. For full depth tacking, specify style 50 with vinyl or fabric surface.

Digital samples shown above are a selection of the most popular finishes. Other colors are available. Printed images provide a preliminary color reference and should not be used for final color selection because they are only as accurate as modern printing technology permits. For the most accurate color representation, view in cool white U30 lighting. Avoid viewing in sunlight as finish colors will be misrepresented. Please contact your PolyVision representative or call 1.800.620.POLY for further details.

* Vinyl tackboards are not GREENGUARD Certified.

Simple. Effective. Extraordinary.
