# AVer+ 1.5

What's New?

# Video Formats Supported

AVerMedia

AVer+ 1.5.1.x supports the following formats:

-**AVI**

-**WMV**

-**FLV**

Audio Formats Supported
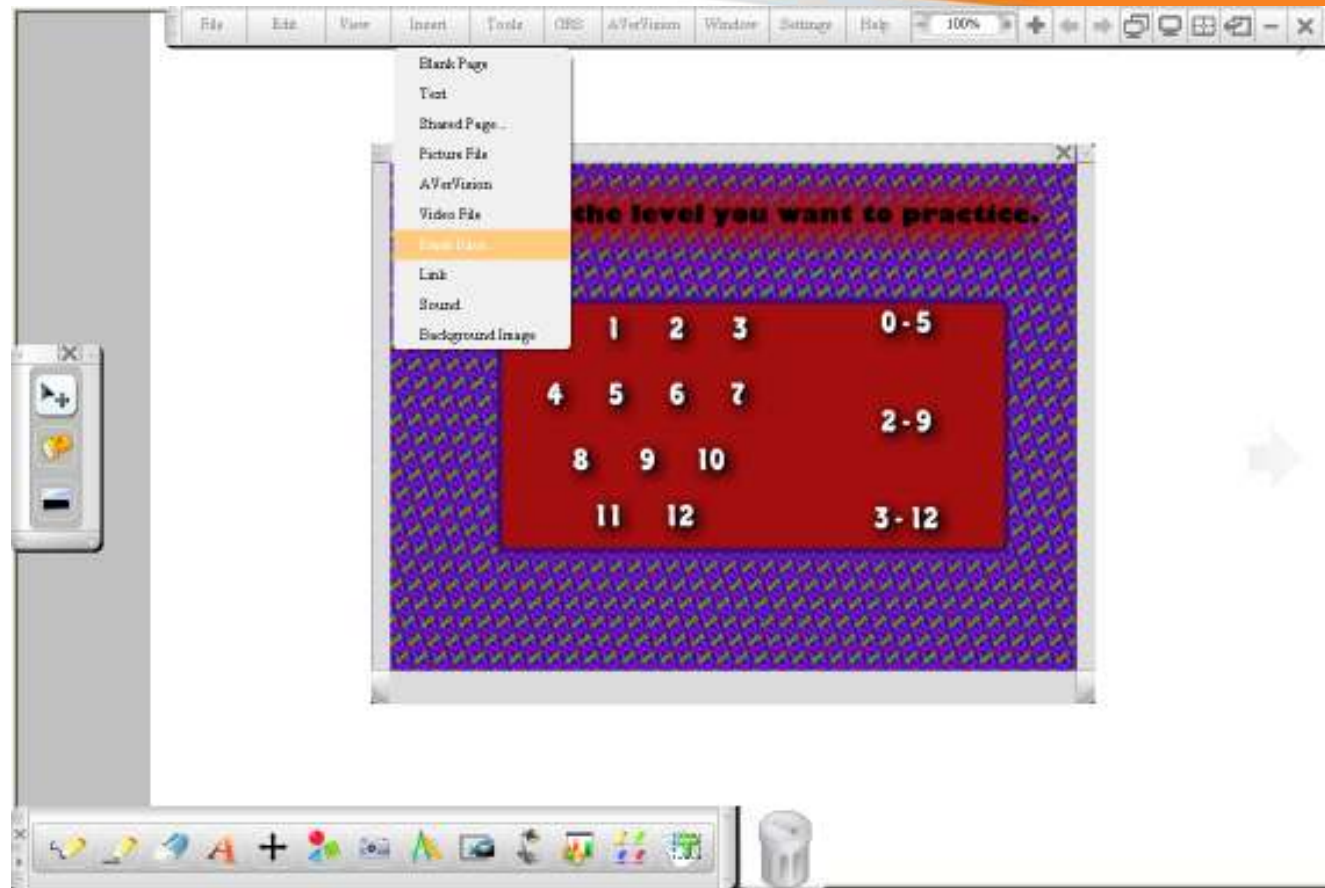

AVerMedia

AVer+ 1.5.1.x supports the following formats:

-**WMA**

-**MP3**

-**WAV**

Flash (.swf) support

**Two ways to work with Flash objects:**

1. Insert flash objects directly into your workspace.

2. Import into Resource Library.

Export to PDF (Export into Portrait or Landscape)

AVerMedia

- You can now export lesson plans from the .avp format into a PDF (Landscape format or Portrait format)
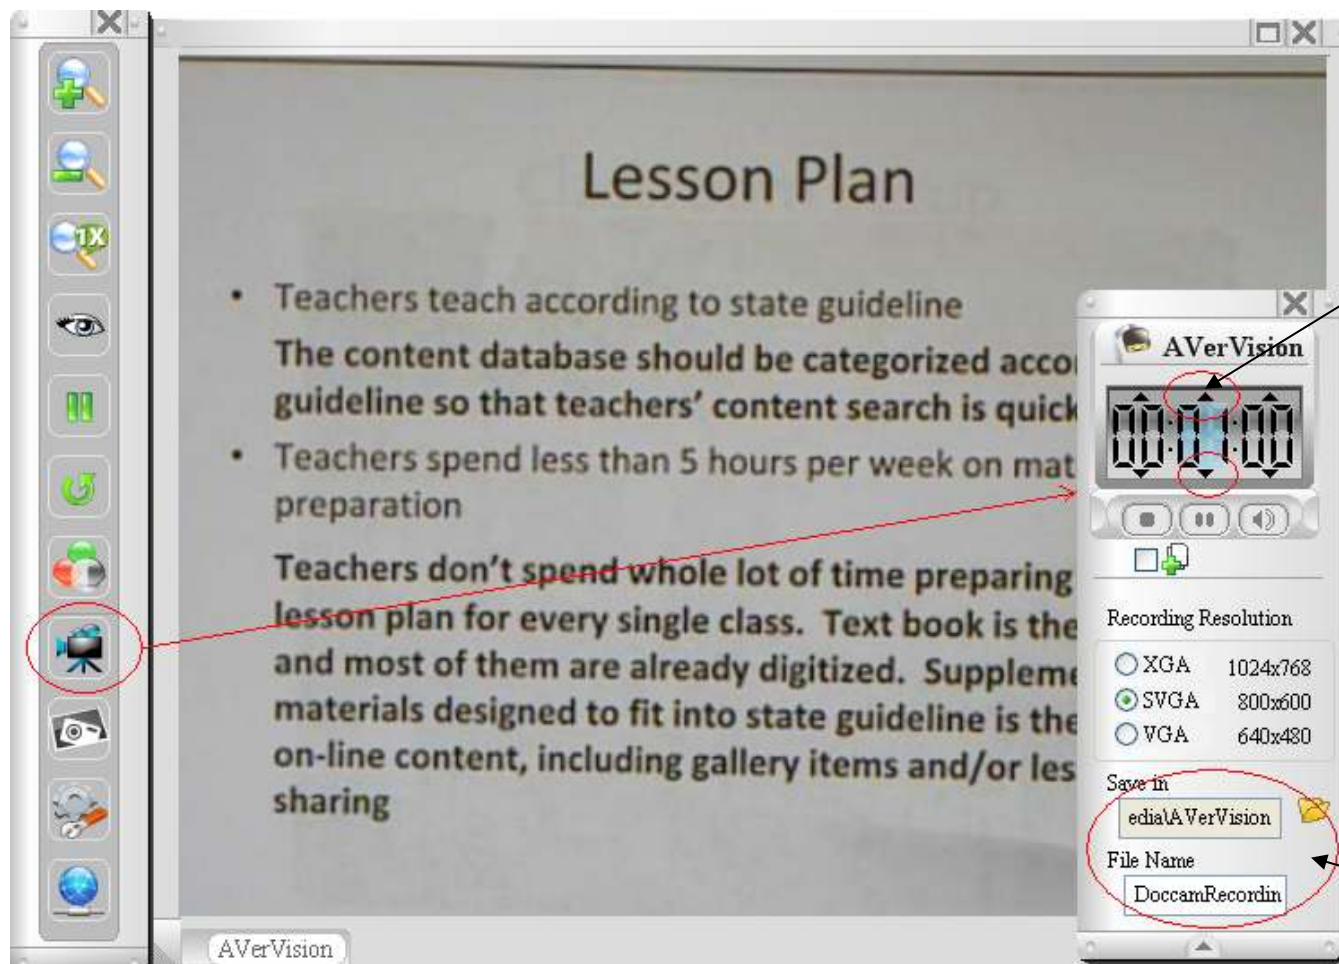

OCR Technology

- **Extracting text from a document via the AVerVision Document Camera is now made easy**

- **Tips: Create multiple recognition boxes (See picture above) for the best recognition rate**
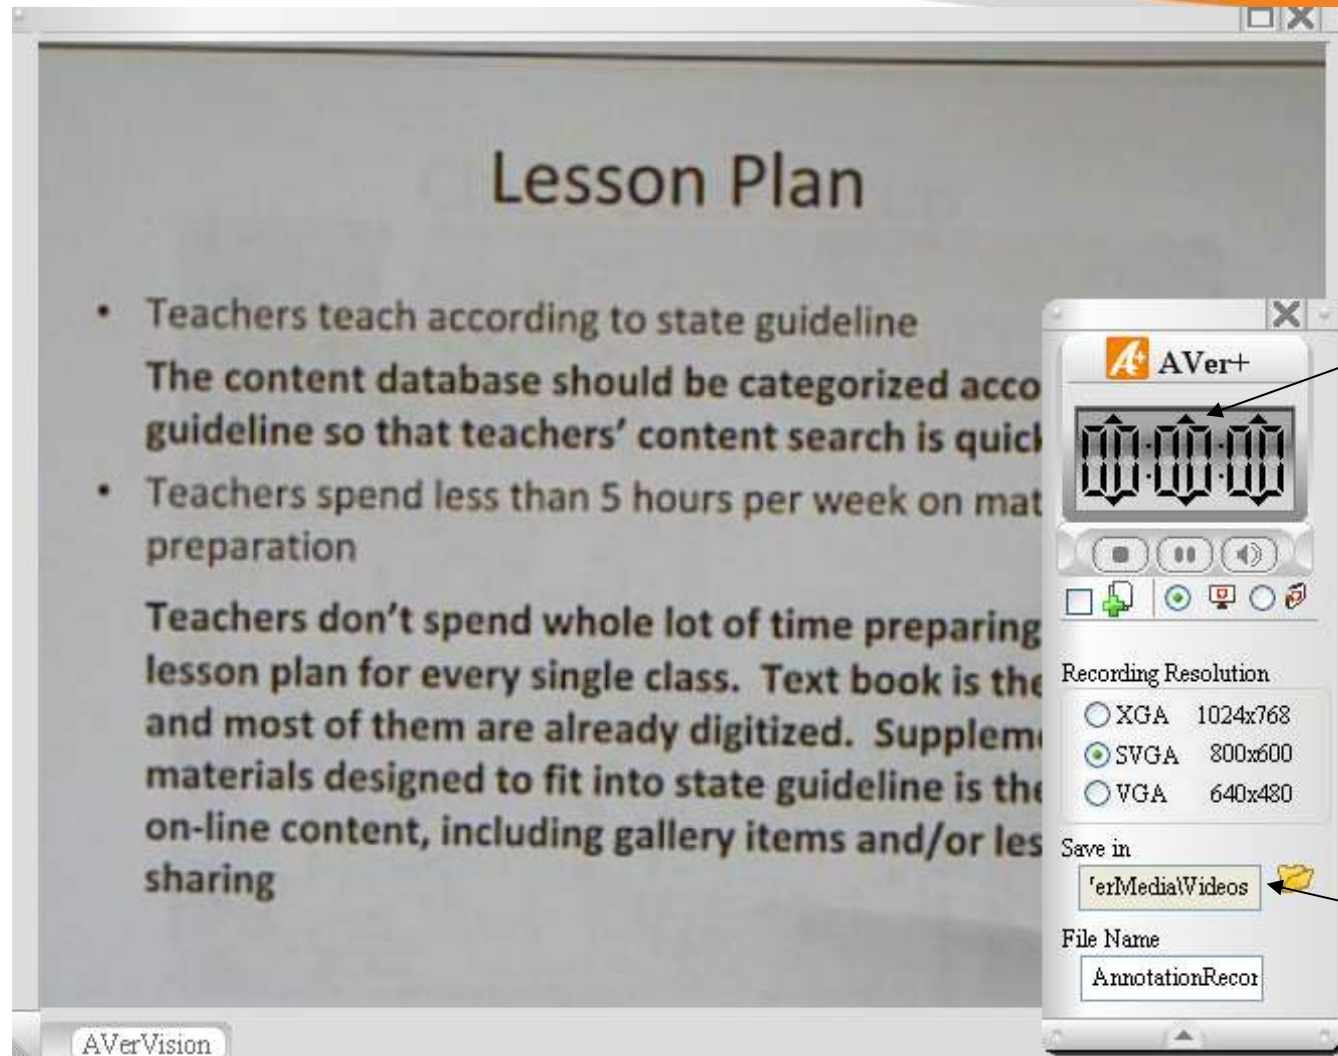

Improved AVerVision Recording Settings

Set total recording time

Save in desired folder

Improved AVer+ Recording Settings

Set total recording time

Save in desired folder

Improved Virtual Transparency Mode

You can now exit the Virtual Transparency Mode by clicking on the "exit" button (as shown) to get back to your regular workspace.

Group Response System
&
Class Management System

Improved Group Response System (GRS)

AVerMedia

Select correct Answer

Assign points for getting the correct answer

New Class Management Feature

- Class management
- Reporting functions (class learning report + student learning report)

Creating Multiple Classes

AVerMedia

1. Creating class. Edit -> Add.

Place 1

Place 2

2. Build up student database, and then click *Save* in Place 1 or 2.

Please select the Class :

Class 1

Ok   Cancel

Save Voting Results

After voting, click **Save & Close** to display the voting result in Management Window. If you don't want the results to be saved, just click **Close** instead.

- Start with the idea of a group report since multiple students would be sharing a pen
- Reports are delivered under 3 types:
  - Class
  - Group
  - Question

Class Learning Report – By Class
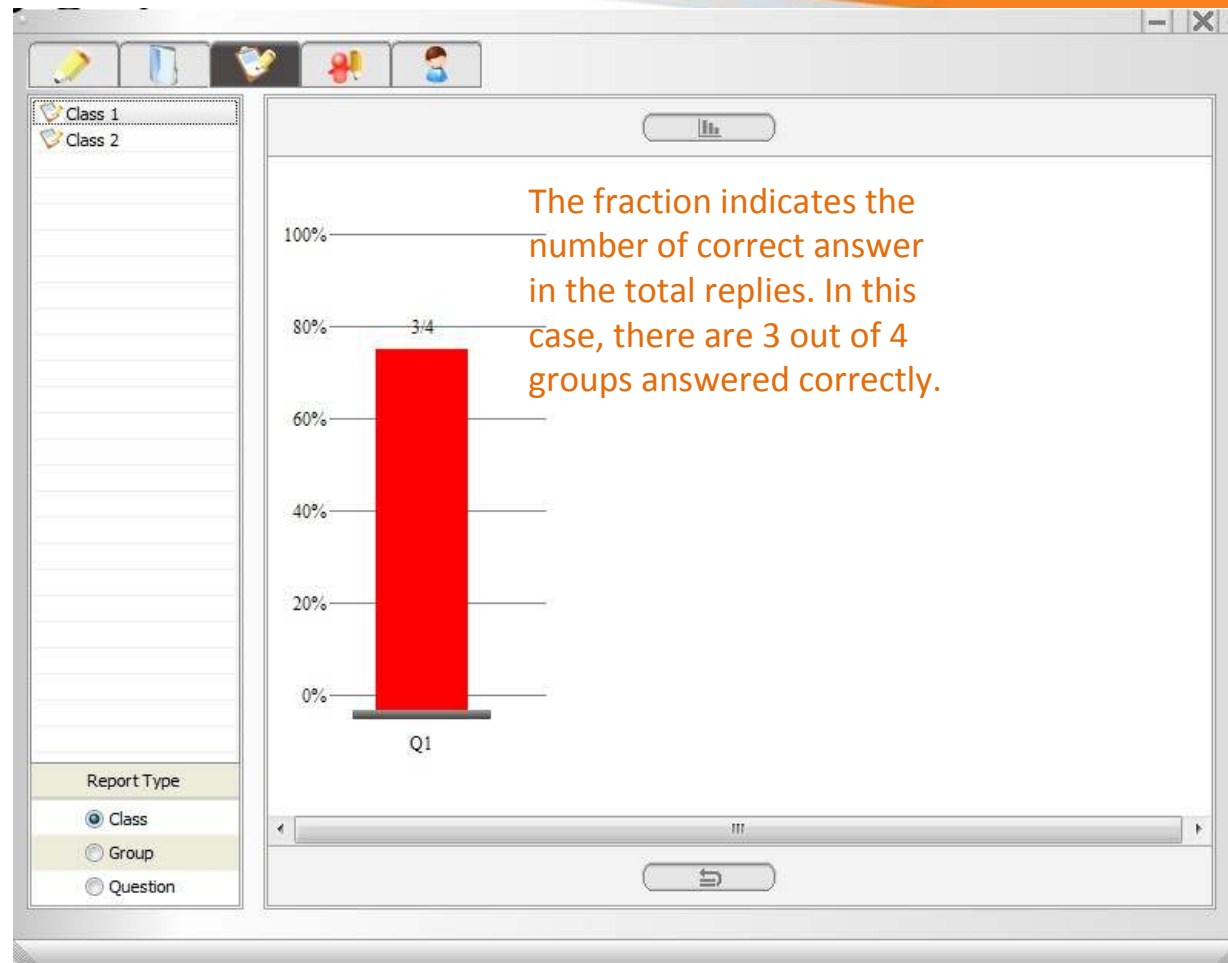

View the Class learning report by Class; you also can export your report files to Image/Excel/Text formats.

Class Learning Report – By Group

AVerMedia

Select the Pen number in order to display the performance result for each group

Enlarged
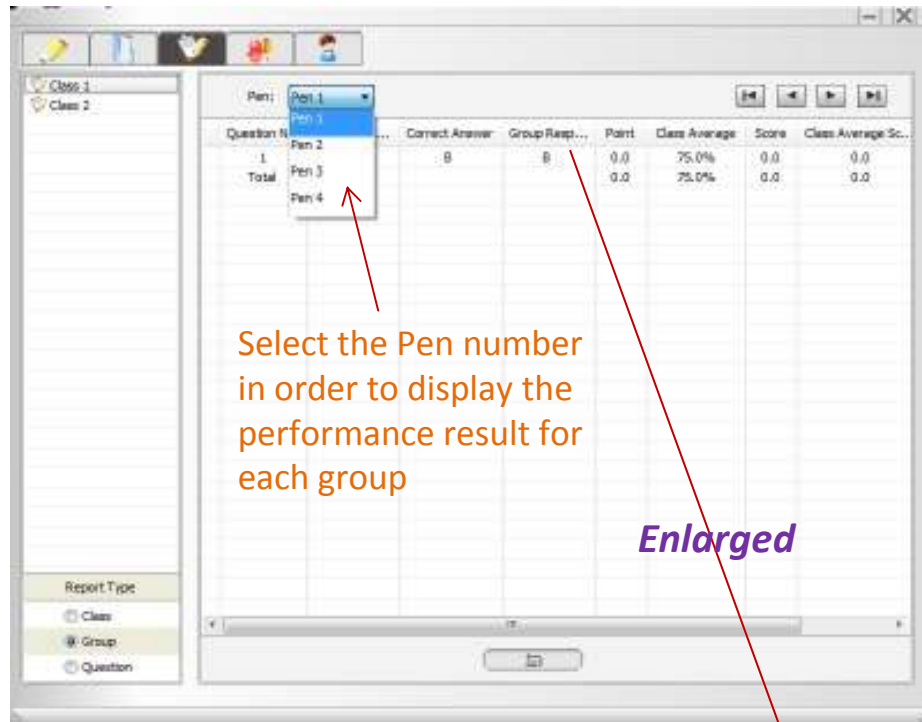

View the Class learning report by Group; you also can export your report files to image/Excel/Text formats.

Question No.	Question Type	Correct Answer	Group Response	Point	Class Average	Score	Class Average Score	Date
1	Single	B	B	0.0	75.0%	0.0	0.0	2010/03/09
Total				0.0	75.0%	0.0	0.0	

Class Learning Report – By Questions
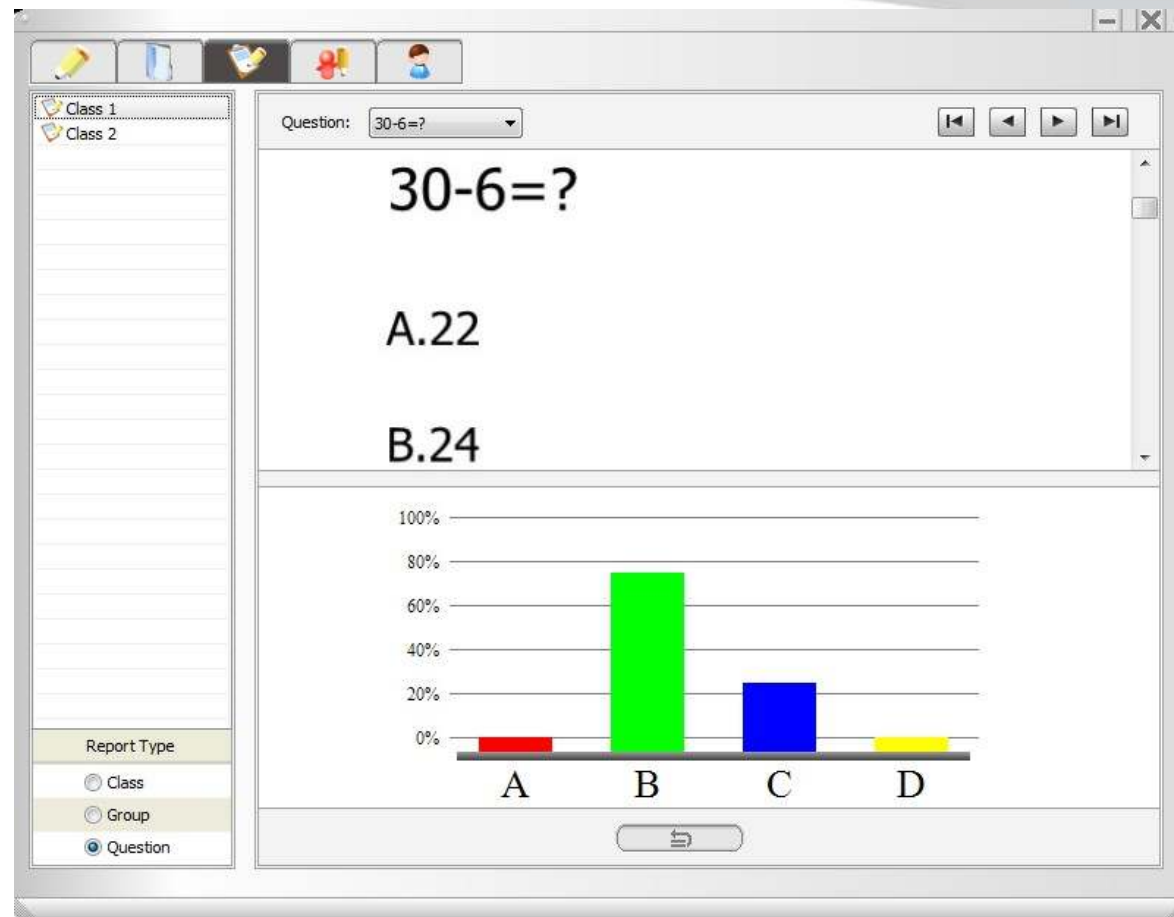

View Class learning report by Question; you also can export your report files to Image/Excel/Text formats.

- View a report for any student (or group) in different classes

- Deliver individual student performance report (or group performance depending on how it is used)

Student Learning Report - Comparison

AVerMedia

Select the class the student belongs to

Select the student

The red bar chart indicates the student performance % as a total percentage; the green bar chart indicates the overall performance % for the class average.
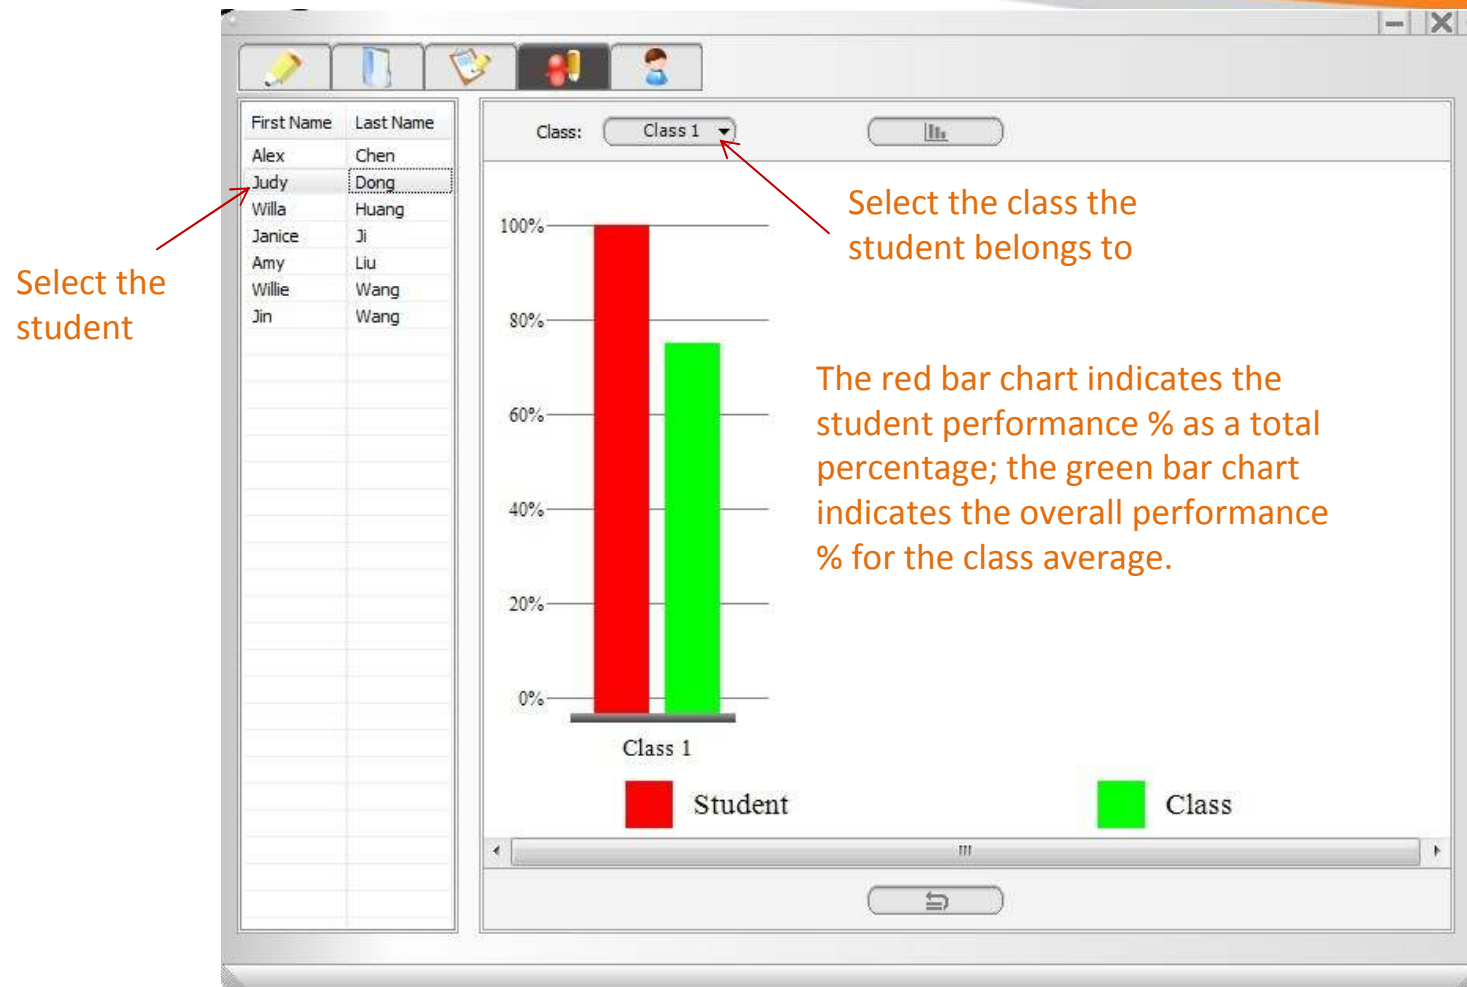

View each individual student's performance and the comparison result with the class average score.

Student Learning Report - Comparison

AVerMedia

If the student belongs to more than one class. The individual student performance will be calculated separately by class.

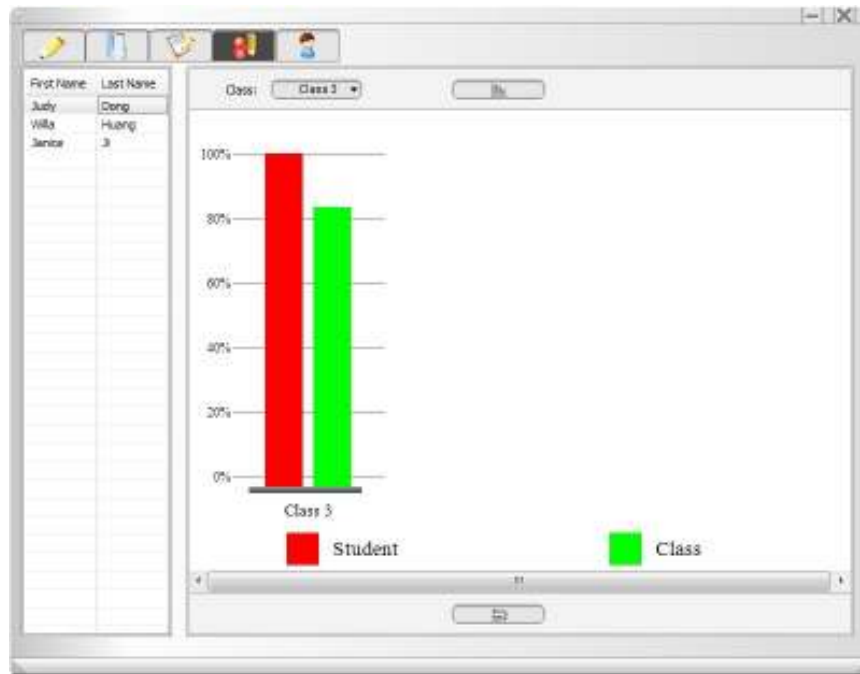

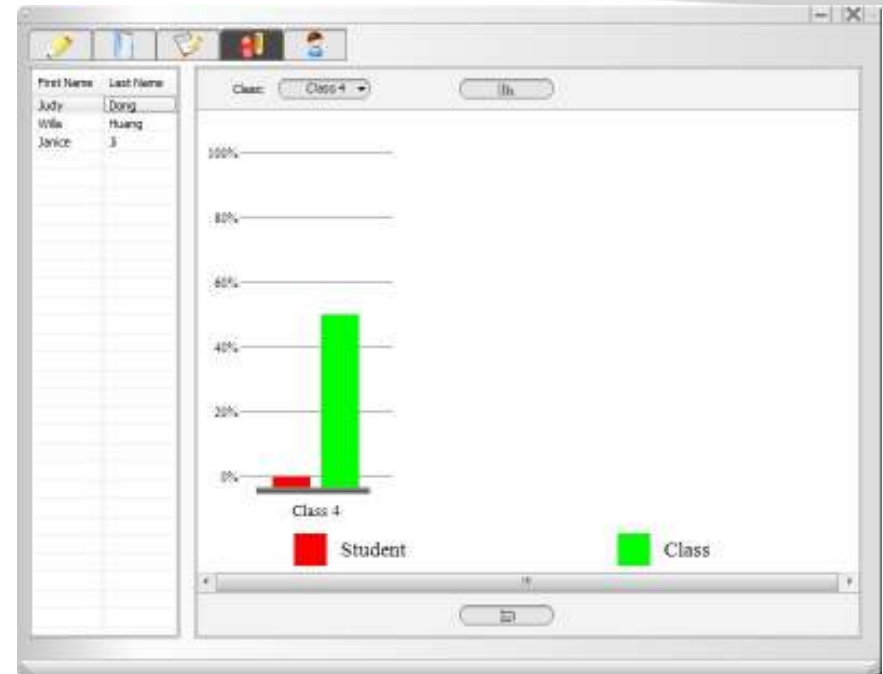

For instance, Judy is a student not only in Class 3, but also in Class 4. Simply select the class options, you can see Judy's performance in different classes.
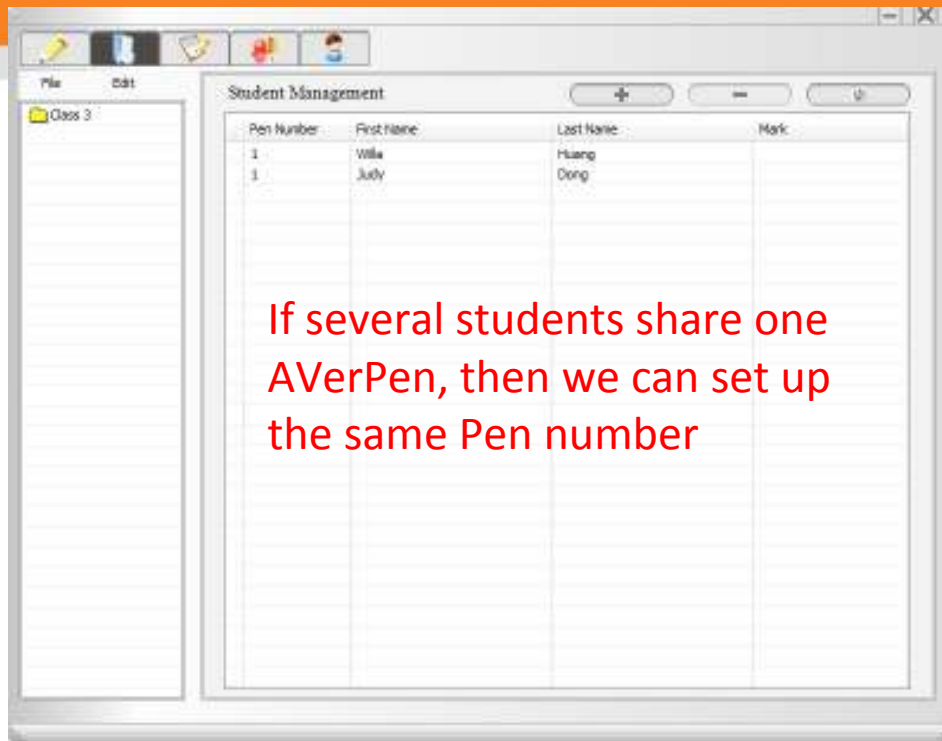

Student Learning Report - Comparison

AVerMedia

Judy's performance in Class 3

Judy's performance in Class 4

If several students share one AVerPen, then we can set up the same Pen number

	A	B	C	D	E	F	G	H	I
1	Class Name: Class 3								
2	Pen Number: 1								
3	Student: Willa Huang; Judy Dong								
4	Question	Question	Correct A	Group Res	Point	Class Ave	Score	Class Ave	Date
5	Q1	Single	2	2	0	100.00%	0	0	3/9/2010
6	Q2	Single	2	2	0	100.00%	0	0	3/9/2010
7	Total				0	100.00%	0	0	

All the students will be recorded

**Class learning report -> Group -> Export file -> you will be able to see group performance.**

Resource Library

- **Easy storage** – build up your storage. Once you need access to a resource, just drag it from the *Resource library* and put it onto the workspace as needed.

- **Easy & effective preparation** - Gives you a consolidated area to store all your resources from videos, audio and flash to other AVer+ files.

- **Time saving** – once the resource database is built up, you can recall it quickly.
