

HON[®]

Smart now. Smarter later.

Designed to perform

From the curve of the seat and back to the function of the comfort controls, 7800 Series chairs are designed to perform. Molded foam padding provides long-lasting support. Durable user-preference adjustable controls offer easy one-touch adjustment.

Engineered for comfort

Integral comfort is engineered into the 7800 Series chair for all-day sitting ease. Deeply-contoured cushioning forms a curvilinear back for superior lumbar support, and the wave-formed seat helps promote healthy sitting.

Comfort at your fingertips

Personalize your chair with adjustable-height back and soft, padded arms. High-back design offers integrated headrest, and a shoulder-height recess to cradle the upper spine.

Comfort and function at your fingertips

- 1. Adjustable height and width arms.** Raises, lowers arms, moves arms in or out, reducing shoulder, neck and back strain. (Optional arms, Model 7895 for armless models)
- 2. Wide seat and contoured back.** Provide all-day comfort allowing greater productivity.
- 3. Tilt.** Adjusts seat and back to a reclined position promoting all-day comfort.
- 4. Posture mechanism with lock.** Allows the seat and back to adjust at different rates facilitating improved ergonomic posture. (Models 7813, 7843, 7803, 7823)
- 5. Tilt tension.** Adjusts the amount of resistance felt when reclining to accommodate individual weight and workstyles.
- 6. Tilt lock.** Locks the chair in an upright position for constant back support when not reclining.
- 7. Pneumatic lift.** Raises and lowers the chair, adjusting individual height for the best relationship to the worksurface.
- 8. Back height.** Raises and lowers the chair back for optimal position of lumbar support.
- 9. Seat glide.** Moves seat cushion forward and back to facilitate individual fit.

7800 Series meets SCS certification guidelines.
