MediaPOINTE DMR300
Digital Media Recorder

The award winning DMR300 records three separate streams, each in their native resolution to preserve content clarity. Each input is recorded direct from the source removing unwanted noise and outages which are the problems with network based recorders. Twelve user selectable templates are included to accommodate any kind of audience or display, be it 4 X 3 Picture In Picture or 16 X 9 Picture Out of Picture. The DMR300 can record and stream XGA and video with CD-quality stereo audio performance. The DMR300 also incorporates MediaPOINTE's *CopyMe!* technology allowing content to be immediately delivered via USB flash drive.
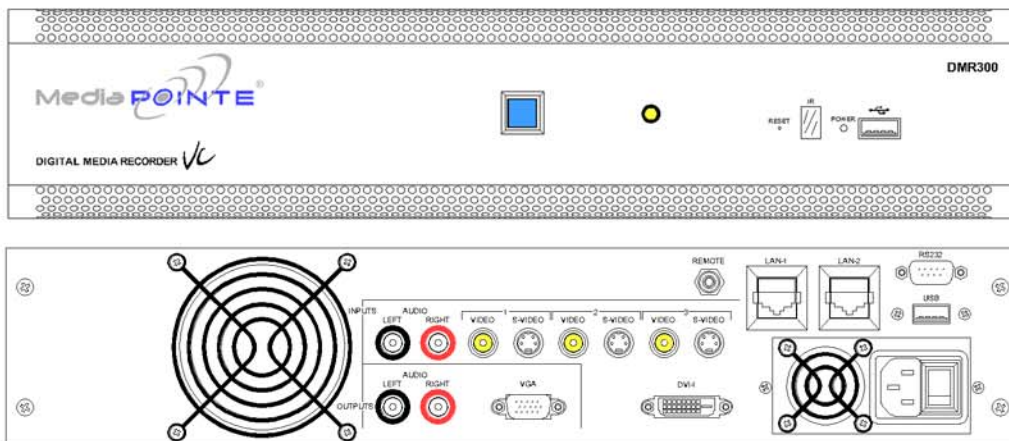

Product Highlights

• MediaPOINTE's *CopyMe!* USB flash drive distribution

• Record up to three simultaneous inputs

• User selectable templates

• RS-232 control for integration

Applications

• Education - Interactive training with Hi-Res content

• Healthcare - CME training

• Videoconferencing - Presentations for on-demand access

• Public Safety - Alerts & announcements with graphical content

SPECIFICATIONS

MediaPOINTE DMR300

Features

Record up to three simultaneous feeds in native resolution.
Live playback while recording
12 recording templates
Local playback, download and network streaming
Content titling / watermark
Test graphics and tones
Content offload to USB flash drive
Email notifications
Automated videoconferencing functionality

Graphics Resolution

VGA, SVGA, XGA
SXGA, WXGA, and UXGA scale to XGA

1024 x 768
1024 x 768
1344 x 768
1024 x 768
1344 x 768
1344 x 768
320 x 240
640 x 240
320 x 240

Protocols

TCP/IP, UDP, DHCP, SMTP, HTTP, FTP

Connectivity

1 LAN/Ethernet 10/100 MB (RJ-45)
1 LAN/Gigabit Ethernet 10/100/1000 (RJ-45)
1 Serial DTE RS-232 (9-pin male)
3.5mm TTL Contact Closure
2 USB 2.0

Control

Push-button
Remote relay closure
RS-232 serial port
Web interface
Infrared
XML API

Physical

19" x 3.5" x 14"
20 Lbs.
