

Freedom to educate!

The new **RM ePad** gives you the freedom to teach and engage your students from anywhere in the classroom. The RM ePad comes bundled with RM Easiteach so you can create and deliver engaging lessons with all the interactivity of a whiteboard from the palm of your hand. The RM ePad works with PowerPoint[®], your Internet browser, and all other classroom software.

The RM ePad comes with many new and convenient features that make this interactive slate the most user-friendly one you will find. The unique hand straps make it easy to carry the RM ePad, and the built-in keyboard makes it easy for you or your students to enter text. The wireless RF technology allows for 60 feet of unhindered movement. The LCD panel monitors the pad and pen battery, which provides over 40 hours of use on one charge. The RM ePad is designed specifically for classroom use with rubber corners for added ruggedness.

Includes Free RM Easiteach

The RM ePad includes RM Easiteach Next Generation, the award-winning dynamic software tool for engaging and stimulating whole-class teaching. Over 300,000 teachers across the United States have integrated RM Easiteach whole-class software tools into their curriculum, enabling them to easily create resources that incorporate text, clipart, animations, video, Flash files, hyperlinks, databases, and spreadsheets.
