

Don't leave your documents hanging

Pouch Laminating Supplies

Prevent damage before it happens

GBC® lamination pouches keep your photos, schedules, ID cards and menus crisp and clean. Keep your important items safe for as long as you want with Retrievelt™ or choose NoMistakes™ to laminate quickly and confidently without a machine.

How to Choose

Machine or Machineless – Items laminated with heat have a higher quality finish. Don't want to invest in a machine? SelfSeal™ supplies may work best for you. NoMistakes allows even a novice to laminate quickly and confidently.

Protection without Permanency – Ever need to remove your document after it is laminated at any time? Retrievelt pouches are perfect for you.

Preservation without Fading – Want to keep your items looking new for a long time? LongLife™ pouches are the answer. They enhance color and clarity and also prevent fading and yellowing longer than standard pouches.

Durability – Consider how much protection your items need. The heavier the weight, the more rigid the pouch.

- Standard weight and protection – 3 mil
- Medium weight and protection – 5 mil
- Heavy weight and protection – 7 to 10 mil

HeatSeal® Laminating Supplies

RetrieveIt™ Pouches

Innovative technology provides secure, high-quality lamination with added benefit of permanent accessibility to original document. Keep your important items safe for as long as you want with permanent accessibility when you need them again. All include carrier.
