How to Choose

Frequency – Don't underestimate your organization's needs, most businesses shred twice as much as they think they will.

• Frequent usage – Typically more than 10 users who shred regularly, ideal for large offices or departments

Shredders in this category provide:

- Maximum productivity, destroys a large number of sheets at a time
- Continuous operation, no cool down needed
- Highest waste bin capacity
- **Moderate usage** Usually 5-10 users who shred often, ideal for medium departments Shredders in this group offer:
- Strong productivity, shreds a standard number of sheets at a time
- Non-continuous operation, some cool down needed
- High waste bin capacity
- Occasional usage Normally 1-4 users, ideal for small or home offices Shredders in this set give:
- Lighter productivity, shreds fewer sheets at a time
- Intermittent operation, more cool down needed
- Average waste bin capacity

Shredding style

Choose your style based on the level of security and speed of shredding desired.

| | Security level | Shred speed |
|-----------------|---|-------------|
| Strip-cut | Low – Internal documents with non-sensitive information | Fastest |
| Cross-cut | 3 Moderate – Confidential documents with social security, employee ID and strategic information | Very fast |
| Micro-cut | High – Sensitive documents with financial, medical and proprietary information | Faster |
| Super micro-cut | 5 Highest – Top secret government documents | Fast |

Tip – Use a GBC[®] ShredMaster[®] Jam Free Series shredder to prevent paper jams from ever happening.
