HITACHI
Inspire the Next

Give your Meetings a *Touch* Up

📌 Productive Meetings, Sharper Focus

Take advantage of a wide 88 inch interactive whiteboard that will bring your meetings quickly into focus. Use your finger or a stylus to easily navigate through documents or websites on the whiteboard's large multi-touch presentation surface. From spontaneous brainstorming sessions to formal presentations, the FXDUO gets the job done right.

📌 Inspire Collaboration

Your team is bouncing ideas off each other for the next product launch. Ideas are flowing from all participants as you write notes in digital ink. Create a digital record of the discussion and email a copy to all attendees. Now everyone can leave the meeting with a clear and confident vision.
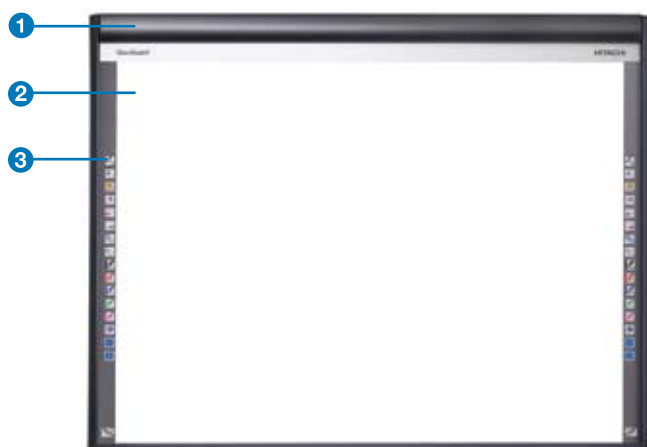

📌 Durable Surface

All electronics on the FXDUO are contained in a replaceable component covered under a five-year warranty. This provides an electronic-free surface for more durable use, as the board remains fully operational even with minor scratches or dents.

Features

① Replaceable top sensor
② Active whiteboard area
③ Function buttons

Dimensions

MODEL	ACTIVE AREA
FXDUO-88W	88" (diagonal)

Key Benefits

• Control using multi-touch
• Responds to fingers and pens
