## 21st Century Learning Environment

---

### Designed for Education

The FX interactive whiteboard has an interactive surface on which teachers and students can collaborate on activities, explore websites, or give colorful presentations. The 63" and 77" whiteboards fit perfectly into traditional size classrooms, and allow educators to enhance learning experiences through engaging tools provided by Starboard Software.

### Easy-to-use Technology

Simply connect the StarBoard FX to a computer and LCD projector, and control the board from the easy-to-use StarBoard Software in a matter of minutes. The board only responds to the wireless electronic pen to ensure pinpoint accuracy.

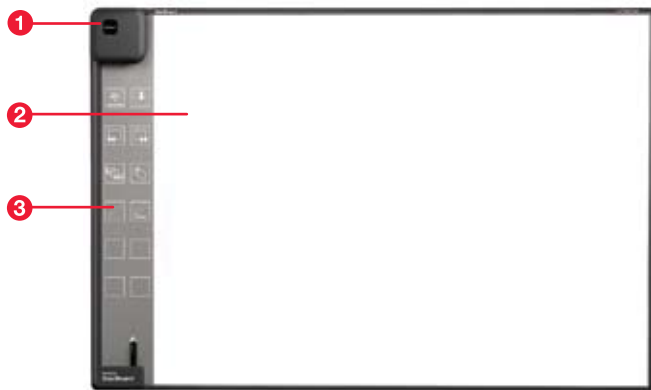

### Durable Surface

All electronics on the FXDUO are contained in a replaceable component covered under a five-year warranty. This provides an electronic-free surface for more durable use, as the board remains fully operational even with minor scratches or dents.

“The StarBoard is a wonderful and productive tool that has been a great addition to the learning environment. ”

– Dan Smith, Media Specialist at Neumann College

## Features

- 1 Replaceable top sensor
- 2 Active whiteboard area
- 3 Function buttons

## Dimensions

### MODEL

FX-63  
FX-77GII

### ACTIVE AREA

63" (diagonal)  
77" (diagonal)

## Key Benefits

- Wireless pen (mouse, hover functions)
- Electronic-free surface
- 12 function buttons
- All electronics in replaceable sensor
- Place magnets on the surface
- Responds to pen only for precision
- Hand writing recognition
- Variety of digital inks
- Export notes to various file formats
- Educator resources and content
- Search engine integration
- All electronics under 5-year warranty

## Tech Specs

Description: Pen operation, infrared and ultrasonic Interactive Whiteboard (FX-63 / FX-77GII). Active Area Size: 63" / 77", Display Aspect Ratio: 4:3, Coordinate Resolution: approx. 195.4 lpi, Tracking Speed: approx. 66 points/sec, PC Interface: USB 1.1, 2.0, Function Buttons: 12, Dimensions: 59.1"(W) x 39.4"(H) x 3.1"(D) / 70.6"(W) x 48"(H) x 2.7"(D), Power Consumption: 5V, 100mA, Weight: 26.5 lbs / 33 lbs, OS: Microsoft Windows XP/Vista, Mac OS X 10.4, 10.5. Projector and computer required, but not included. For detailed specifications visit [www.hitachi-soft.com](http://www.hitachi-soft.com).
