Flagship®

HON[®]
Smart now. Smarter later.

A Place For Everything.

More ways to store more.

Versatility. Flagship delivers style and functionality that will complement any working environment – executive suites and open-plan offices, conference rooms and training centers, schools and healthcare facilities, and much more. It coordinates beautifully with the full line of furniture available from The HON Company.

Variety. Flagship offers a broad range of storage solutions – files, pedestals, cabinets, towers and more, in all shapes and sizes. To extend your options even further, you can choose from an array of paint colors, pull styles and interior configurations.

Value. Our premier storage line, Flagship maximizes your investment with superior construction materials and techniques that ensure long-lasting durability. Every piece is designed to exceed industry quality standards and is certified SCS Indoor Advantage™ Gold, signifying that it meets the most rigorous indoor air quality standard in North America. Flagship is backed by The HON Company's limited lifetime warranty, award-winning customer service and 60-year legacy of excellence.

Simple Specs.

Each of the office layouts in this brochure is identified with a "Keyword." Enter a keyword into the "Product Search" box at www.hon.com to access detailed specification information, such as finishes, bills of material, list prices and more.

Working Variety

Our comprehensive storage line enables individuals and organizations to store, sort and share information in any way that works for them. This flexibility and control is essential to boosting productivity.

A fine line.

Flagship storage runs the gamut from personal to public, from active to archival, from high density to open display. We have solutions for every purpose, every work style and every office. And they're all flexible enough to evolve with you.

Flagship Storage: Maple laminate tops and “R” pulls. Muslin and Carob finish. Perpetual® Task Stools: Altro Cocoa Simple Textiles upholstery and Titanium finish.

Archive

Worksurfaces extend over lateral files to provide kneespace for seated workers. Overfiles atop lateral files and storage cabinets make the most of vertical space.

Double Duty

Lateral files can be used to divide and define space as well as to store documents. Add a laminate top, and you've got an extra worksurface ideal for team/project spaces.

Long-lasting value.

Public storage needs to support the weight of voluminous files while withstanding the constant opening and closing of doors and drawers. Flagship is more than up to the challenge – delivering a lifetime of carefree service.

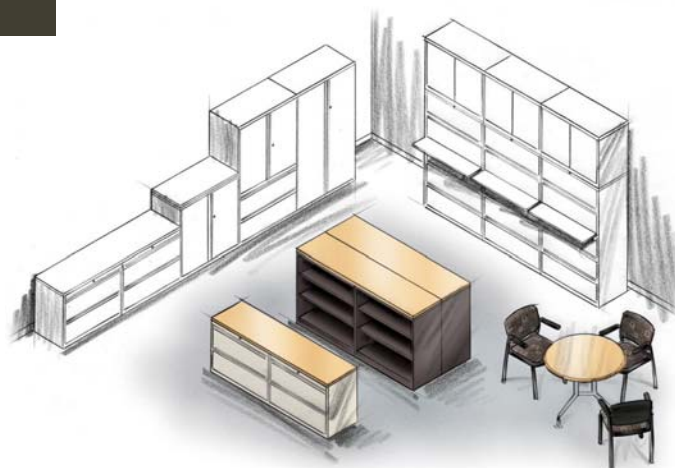

Built Tough

Reinforced case construction makes Flagship capable of accommodating all the files you can fit into it. A three-part, telescoping slide suspension operates on steel ball bearings for smooth operation year after year.

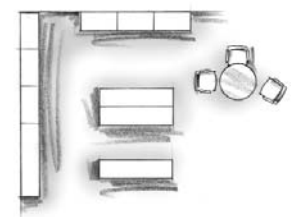

Flagship Storage: Maple laminate tops and "R" pulls. Muslin and Carob finish. F³™ Guest Chairs: Altro Cocoa Simple Textiles upholstery and Black finish. Table: Perpetual Round Table with Maple top and Platinum finish.

Workroom

A functionally and visually diverse central storage area. Laminate file tops and a small conference table promote collaboration and study.

Perpetual Rectangular Tables: Maple top and Platinum finish.

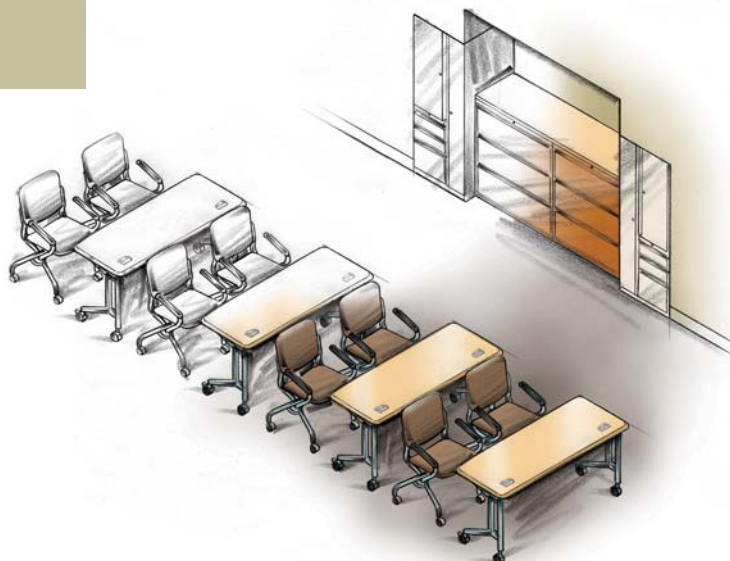

Put-it-anywhere versatility.

A wide variety of heights, widths, depths and configurations enhances your planning flexibility. You can fit unconventional spaces, develop your own unique storage system and accommodate personal items and departmental resources as well as files and documents.

Color Rich

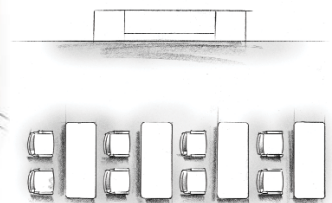

Eight core paint colors complement The HON Company palette of fabrics and finishes. We can also match industry-standard paint colors. And we are pleased to work with you to develop custom colors.

Stockpile

Lateral files and storage towers keep everything close at hand in this training room: coats and purses, instructor materials and student aids, even laptop computers.

Easy Does It

Flagship integrates flawlessly with all The HON Company's furniture solutions (and many competitive offerings). This full-line compatibility simplifies ordering, reconfiguration and expansion. Working with a single supplier is easier on your pocketbook, too.

Private Stash

Flagship components bring additional storage capacity and exceptional durability to this executive office. Mixing warm wood laminates and cool metal surfaces is right on trend.

Goes-with-anything versatility.

Flagship is visually and dimensionally compatible with both our freestanding desks and systems furniture, so you can use it throughout your office. Different aesthetic and functional options let you customize solutions for different job titles and tasks.

Modular Flexibility

Flagship pedestals and file centers fit seamlessly under our modular steel and laminate desk collections. Flagship products are not actually attached to modular shells, so you can quickly and easily change configurations as your needs evolve.

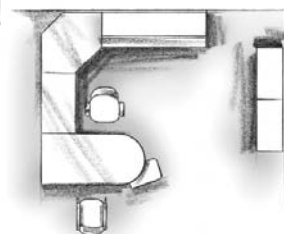

Flagship Storage: "N" pulls and Taupe finish. Resolution® Seating: Clique Citron Simple Textiles upholstery and Black finish. Office Furniture: 38000 Series with Gray Tigris laminate worksurfaces and Taupe finish.

Cache

Flagship bookcases, file center and mobile pedestal turn a modular desk configuration into a full-featured managerial office.

The value of hard work.

Get more for your money with hard-working Flagship components: lateral files can be topped with worksurfaces, storage cabinets can serve as space dividers and a mobile pedestal can offer up a seat. Yes, Flagship makes the most out of your space ... and your budget.

Techno Friendly

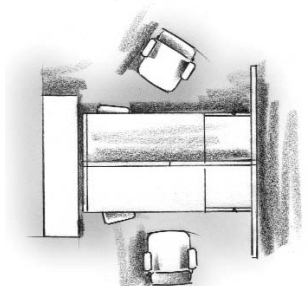

Flagship storage towers are reinforced to support printers and other equipment. They offer interior grommets for routing wires to the floor. Cords and cables are concealed behind a removable back panel.

2Pack

Lateral files store shared records, panels promote privacy, mobile tables act as desks and personal storage towers provide space for everything from purses to pencils to printers.

Variety is the spice of storage.

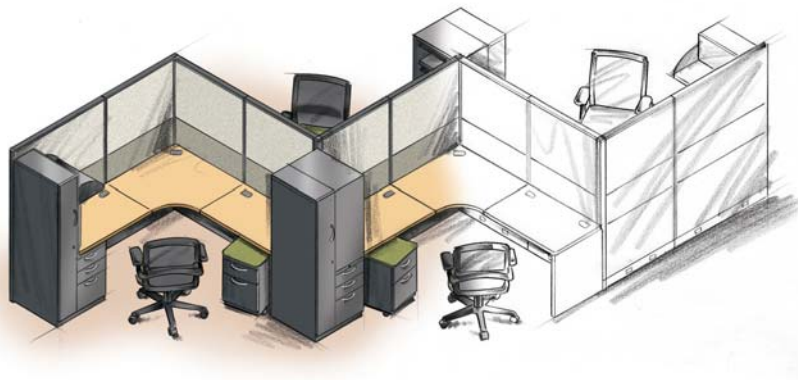

Flagship towers are a great way to satisfy individual worker preferences while still maintaining a cohesive look. They pack a lot of storage capacity into a relatively small space – perfect for panel-system offices or anywhere space is at a premium.

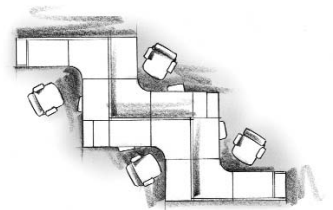

Keeping it Green

Flagship components are certified SCS Indoor Advantage Gold – meaning they meet the most rigorous indoor air quality standards in North America. They're made with 25-30% recycled content, are warranted to last the life of original ownership and can easily be recycled at the end of their useful lives.

Towers

Pairing Flagship towers with panels helps accommodate more people in less space while still allowing ample personal storage capacity. Enter Keyword **Towers** at hon.com

Value in the details.

The price tag makes Flagship a great buy. The details make it a great investment. High-sided drawers, dividers, counterweights, adjustable shelves ... they're all standard Flagship features. And they all contribute to a longer-lasting, more user-friendly experience.

Short Order.

A pedestal tray offers small accessory compartments to keep essential items close at hand yet off the desktop.

Handle with Care.

All Flagship components are available with Arch (A), Integral (N) or Radius (R) pulls. Select models also offer a 38000 Series (K) pull.

Sort it Out.

A posting shelf, available on select five-drawer lateral files, is a handy spot to sort and manage documents while filing.

Hangs Tough.

Double-walled drawers and steel ball-bearing suspensions help ensure a lifetime of satisfaction.

Up and Down.

Flagship shelves are adjustable. You can move our shelves in 2" increments to fit different shapes and sizes of stored materials.

Flexible Filing.

Lateral files offer both side-to-side and front-to-back filing options. They'll accommodate both letter- and legal-sized files.

Versatility. Variety. Value.

A full line of storage that will complement any working environment and any other office furniture. Individual components in sizes, shapes, colors and configurations that will fit any space and fulfill any need. Premium-quality materials and construction methods that will endure through any conceivable variation of normal use.

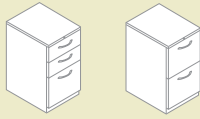

Flagship does more than keep workspaces neat and orderly ... it actually helps individuals and organizations work smarter.
