Introducing mimio® Pad

Reach every student in your classroom.

Award winning mimio teaching solutions put the excitement of interactive learning in teachers’ – and students’ hands.

Now, with mimio® Pad every student can create and collaborate with mimio® Interactive from anywhere in the classroom.

- Custom tailored shortcut keys allows the mimio® Pad to work seamlessly with mimio® Studio 6 software.
- Easy to set up. mimio® Pads’ wireless technology is ready to go, right out of the box.
- Very slim and incredibly light, the mimio® Pad can be easily held by even tiny hands.
- Connect multiple mimio® Pads to a single classroom computer to enable multi-student collaboration.
- Intelligent power management features gives mimio® Pad a 16 hour charge life.
- Long-range operation. Works up to 30 feet (10 meters) from the classroom computer.
- mimio® Pad is also easy on the budget and available with special educational pricing.

“i started to use the mimio® Pad the same day I received it. My students worked in small groups and were easily able to interact with the lesson from their desks. We love it!”
