Plantronics Discovery™ 640X and 655

Discovery 655

Great looks, features and sound

When you are constantly busy and on the move, you want devices that make your life easier. The Plantronics Discovery 640X and Plantronics Discovery 655 are all about efficiency and style, from the designer package through to the pioneering features, unmatched sound quality and looks.

The 640X and 655 are small and ultra light-weight, with volume control, choice of wearing styles and intuitive controls.

With the top of the range Plantronics Discovery 655 you will always enjoy high-quality sound whether you are in the car, walking along a noisy street or using your laptop to make a call over the Internet. It has a range of audio-enhancement features, including Digital Signal Processing, which constantly monitors sound quality and reduces background noise by as much as 35%; Echo Management which reduces echo and enhances VoIP sound quality, and Sidetone for wind noise detection.

The 655 model also includes a headset pocket which not only offers you a neat way to store your Plantronics device, but even this is packed with functionality to suit your lifestyle such as a vibrate call alert.

Sound Innovation™ for missions to the moon. And for everyday life on this planet, too.

In 1969, a Plantronics headset carried the historic first words from the moon: "That's one small step for man..." From the man on the moon to the man on the street, Plantronics is an innovation leader dedicated to creating communication solutions for people who understand and appreciate the real freedom of space. From outer space to inner space, find your space.
