

THE LIGHTEST, MOST STABLE OVER-THE-EAR HEADSET FEATURING PREMIUM SOUND AND ALL-DAY COMFORT

- **Comfort and Stability: The Three-Point Fit.** The TriStar® receiver rests on the ear, not in it—with gentle three-point contact for unshakable stability and no “ear plug” discomfort. With four sizes of user-selectable earbuds and an adjustable receiver arm, the TriStar headset can be custom fitted to just about anyone, even eyeglass wearers! In addition, it’s the lightest over-the-ear headset we’ve ever designed. Wear it all day and forget it’s there.
- **Sound Quality from the Leaders.** The TriStar headset supports the benefits of SoundGuard®Plus™ and Call Clarity™ technologies: speech that is comfortable to listen to and easy to understand, plus voice transmission quality that exceeds that of many handsets.
- **Durability.** The TriStar headset is built to last. Even the new lighter weight cables are strong. Durable junctions, rugged cable strain relief, and rigid ISO 9001 quality testing, result in a headset that can take day-in, day-out use.

The TriStar headset’s three-point custom fit gives you all the stability you need in a lightweight, comfortable, over-the-ear design that doesn’t mess up your hair. To help develop

this headset, Plantronics performed the world’s largest human-factors study of the ear. The resulting design ensures a perfect fit for just about anyone.

TriStar® HEADSET

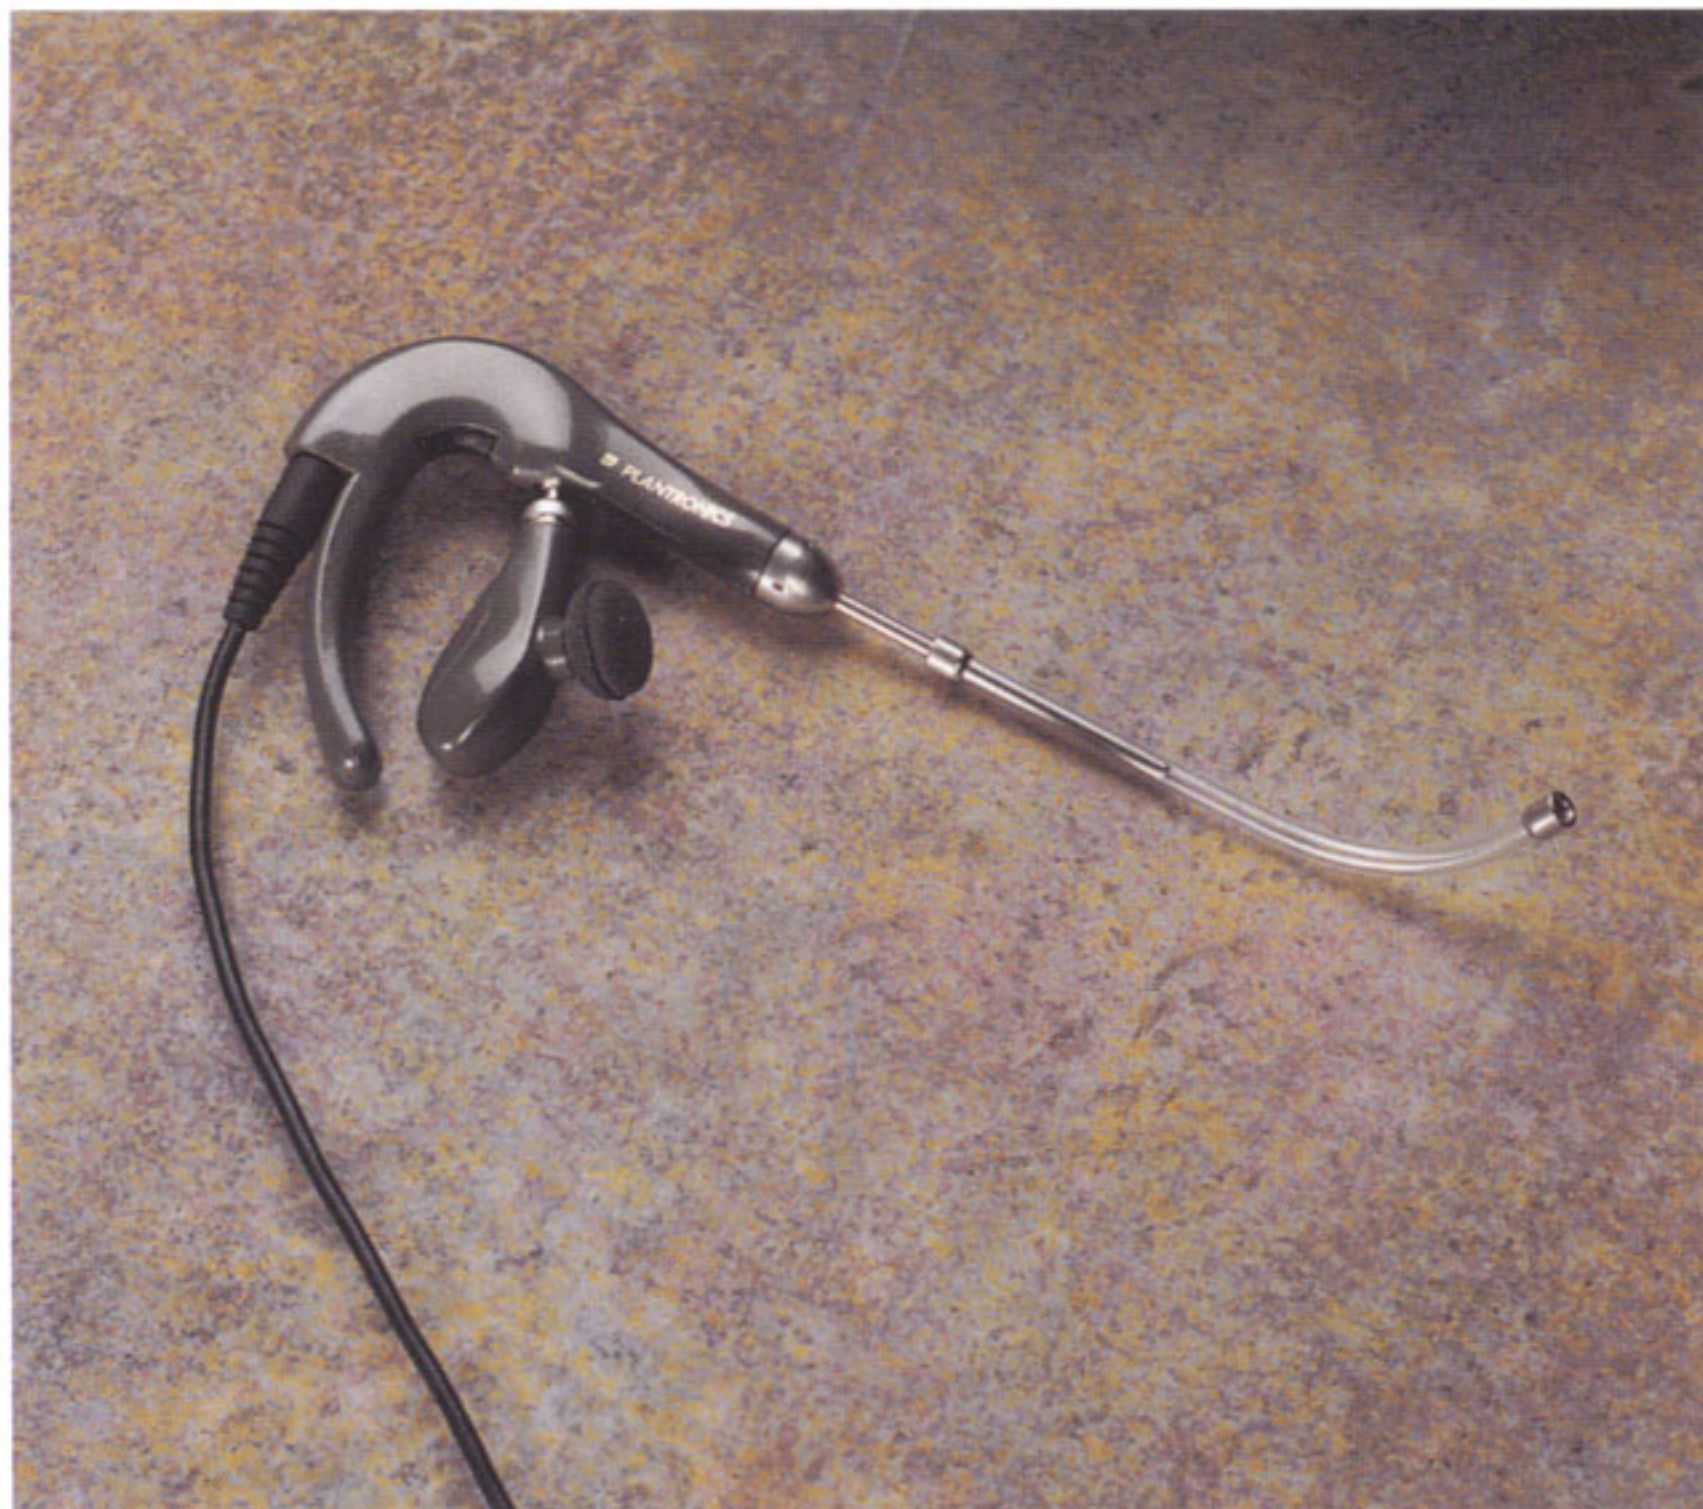

From the world’s premier provider of reliable lightweight communications headsets.

With its user-selectable earbuds and flexible design, the TriStar headset fits just about everyone comfortably—even eyeglass wearers.

H81: TriStar® HEADSET

The ultimate over-the-ear design: the TriStar® headset gives you all-day comfort plus unshakeable three-point stability.

- Innovative three-point design for stability—support behind, on top of, and on the ear
- Four user-selectable earbud sizes and adjustable receiver arm for a precise fit
- Exceptionally lightweight (0.42 oz/12g)
- Can be worn on either ear
- Clear, adjustable voice tube
- Supports SoundGuard® Plus™ and Call Clarity™ technologies for superior sound
- 10' cable with Quick Disconnect™ feature
- Adjustable clothing clip

H81N: TriStar® NC HEADSET

With added noise-cancelling microphone technology, the TriStar NC headset greatly reduces the transmission of ambient noise in the workplace.

- Innovative three-point design for stability—support behind, on top of, and on the ear
- Noise-cancelling microphone
- Four user-selectable earbud sizes and adjustable receiver arm for a precise fit
- Exceptionally lightweight (1oz /28g)
- Can be worn on either ear
- Adjustable “swing-away” microphone boom
- Supports SoundGuard Plus and Call Clarity technologies for superior sound
- 10' cable with Quick Disconnect™ feature
- Adjustable clothing clip
