

Quartet Kapture™

Save time and eliminate work with Kapture,
the revolutionary collaboration tool that digitally captures and shares your ideas.

www.QuartetKapture.com

Write it! Record it! Email it!

Capture and share your ideas the second you put pen to paper!

Eliminate work! Take back time spent typing up notes and struggling to scan large flipchart pages. Digitally capture, save and email your meeting notes in seconds.

Graphs, drawings and notes written on the digital flipchart pads are instantly transmitted to your PC.

It's technology that truly makes life easier.

Visit www.QuartetKapture.com to learn more.

Visible Benefits

Create and capture your meeting notes in one easy step. Imagine the possibilities...

Save Time and Money. Communicate Better

- Eliminate transcribing meeting notes
- Improves meeting recall by distributing actual images created during the meeting
- Transmits every pen stroke directly to your computer
- Save, edit and organize your notes in the software suite
- Distribute pages as jpg or pdf files
- Setup is easy, right out of the box

Share Your Vision

Use visuals to drive home your message. Or, build a new process and reach consensus faster with the full team participating in the process.

- Works seamlessly with the way you normally work
- Jump from page to page – the software automatically keeps track of the pages allowing you to edit or add comments at any time during the meeting

Lead More Productive Meetings

Keep your team in the here-and-now. Freed from the task of note taking, they will be more engaged and make greater contributions knowing that Quartet Kapture is saving everything for later. And the process couldn't be simpler, or easier.

- Kapture Software will track up to 3 pads (90 pages) at the same time. Plus, up to four people can be writing simultaneously.

Capture their Attention!

Explore some of the ways that Quartet Kapture can enhance your meetings at QuartetKapture.com/attention

- Meeting Notes
- Mind and Process Maps
- Effective Brainstorming
- Interactive Presentations

Fast and Easy

Digitally record your notes in a few simple steps.

How Does Quartet Kapture Work?

Digitally capture, save and email.

Step 1: Plug In

Connect the Kapture USB Receiver to your PC or Mac laptop. If it's the first use of Kapture on that computer, you'll be prompted to install the Kapture Software Suite. It's a quick and easy process – just synch the digital pen to the Bluetooth® receiver and you're ready to use Kapture.

Step 2: Write and Capture

A tiny camera in the tip of the Kapture Digital Pen tracks your strokes across a nearly invisible, patented, dot pattern printed on the Quartet Kapture Digital Flipchart Pads and sends that information via Bluetooth® to the USB Receiver plugged into your computer. The technology works seamlessly with the way you currently work, capturing notes on multiple pages with multiple pens, keeping everything organized just as it appears on the actual flipchart pages.

Step 3: Edit and Distribute

Within the Kapture Software Suite, you can cut and paste from page to page, delete and reorder pages, and then save, print and/or email the pages in jpg or pdf format to the rest of the team.

Accessorize

Kits and accessories that truly make life easier.

Quartet Kapture™ Premium Kit • Item # 23702

Use the multi-color capability of your Kapture system. The kit includes:

- The Kapture USB Receiver with the Kapture Software Suite

Quartet Kapture™ Starter Kit • Item # 23700

Get started using Kapture today. The kit includes:

- The Kapture USB Receiver with the Kapture Software Suite
- (1) Kapture Digital Pen
- Includes (1) black ink cartridge and (1) AAA battery
- (1) 30-pg, 22.5 x 33 inch, self-adhesive Kapture Digital Flipchart Pad
- (1) USB Receiver and Pen setup card

Quartet Kapture™ Digital Flipchart Pads (2) • Item # 23703

These 22.5 x 33 inch, self-adhesive flipchart pads are printed with a barely visible, patented, dot pattern that facilitates the handwriting tracking process. They are comparably priced to regular self-adhesive pads, so feel free to use them whenever you like, with or without the Kapture system. **Includes (1) B and (1) C pad; 30 pages each.**

Quartet Kapture™ Digital Pen Cartridges: Assorted Colors (8) • Item # 23705

(2) black, (2) red, (2) blue and (2) green, bullet tip, AP Certified, dry-erase ink cartridges designed specifically for the Kapture Digital Pen.

Quartet Kapture™ Digital Pen Cartridges: Black (6) • Item # 23704

Package of (6) black, bullet tip, AP Certified, dry-erase ink cartridges designed specifically for the Kapture Digital Pen.

Quartet Kapture™ Digital Pen • Item # 23706

This ergonomic pen links to the Kapture USB Receiver via Bluetooth™ and features an LED status indicator. Range from the receiver is 32 feet. Up to 7 pens can be synch'd to a USB receiver and 4 pens used simultaneously. **Also includes one black ink cartridge and one AAA battery.**

Quartet Kapture™ USB Receiver • Item # 23707

This Bluetooth® receiver comes pre-loaded with the Kapture Software Suite which can be easily installed without technical support. Can sync to up to four pens at once to enable multiple users or multiple color. Also includes one set-up card for pen synchronization. **Compatible with both Macs and PCs.**

Kapture™ all the benefits with none of the drawbacks.

Compare	Kapture™ Digital Flipchart System	Alternative Solutions
Manual Transcription	Kapture encourages collaboration by effortlessly sharing the same meeting content, in rich detail, with every team member.	This is a tedious, time-consuming task no one wants. Subtleties of meaning are often lost in the process, and some images, such as idea maps, defy transcription.
Handwriting Recognition	Quartet Kapture allows you to write in any style because it captures each pen stroke. Add diagrams and drawings. There is nothing to learn. This group solution simultaneously captures notes from multiple users.	Old systems required learning a new alphabet and the software converted your writing into editable text.
Copyboards	With Kapture, you can fill up to three full pads of flipchart paper without stopping to save or print. You can use Kapture anywhere you can take flipcharts and a laptop – at a fraction of the cost of a copyboard.	These whiteboards can print and save color copies of their contents, but once the 30 x 70 inch board is full, you have to save, erase and start over. The costs run in the thousands and they are not portable.
Digital Photography	Kapture delivers crisp, sharp images every time, and all the editing and organization of the pages is done right in the Kapture software.	Taking digital snapshots is a cheap way to document flipchart content, but the photos can be blurry and hard to read. Plus there are additional steps to download and organize the photos for distribution. Editing the images also requires additional software.
PowerPoint®	Kapture allows you to use flipcharts to easily create content live and record ideas and decisions as they emerge during the course of a meeting.	Electronic presentation authoring tools are fine for slick, canned presentations, but adding content live, during the meeting, is very difficult.
Web Meeting	Kapture facilitates spontaneous creation of notes and drawings in actual group settings, without technology getting in the way.	Best suited for virtual online meetings of isolated individuals to simultaneously review prepared documents. The difficulty of creating content on the fly discourages active participation.

System Requirements:

PC running Windows® XP Service Pack 2, Vista™ or Windows® 7. Mac running OSX 10.5 or higher. Available USB 2.0 port. Internet connection for updates. Processor: 1.0 GHz processor minimum (2.5 GHz or higher recommended). RAM: 512 MB RAM minimum (1 GB recommended) Hard disk: 500 MB of available space.
