

Here’s how they work

STACK up to 500 sheets of paper into the auto feed bin. SHUT the lid. You’re DONE! With Hands Free shredding, rollers will automatically feed the paper into the cutters, so you don’t have to. Stack-and-Shred lets you be more productive and get on with the important things in your day!

1 STACK

2 SHUT

3 DONE

A BETTER Way

vs.

The “Other” Way

Hands Free shredding is a better way to shred!

Free yourself from the drudgery of feeding the shredder. With Stack-and-Shred it’s as easy as loading your papers in the bin and closing the lid. Then - go find something else to do. Stack-and-Shred takes care of the rest.

What to look for in a Swingline
Stack-and-Shred[™] Shredder:

Automatic Shredding

Hands Free operation for fully automatic shredding. Automatic jam clearance on select models.

Jam/Free[™]

Patented technology works constantly to prevent jams before they happen in the manual slot. Red and green LED lights indicate if you are exceeding or within capacity.

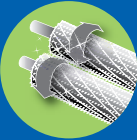

Super Quiet

Noticeably quieter so you won't disturb others.

Self Oil[™]

Extends shredder life and helps maintain peak performance by automatically lubricating the cutters.

Self Clean

Helps ensure jam free performance by automatically removing shreds caught in cutters and reducing build-up.

Eco Friendly

Conserves energy with an automatic power save feature. Exclusive recyclable paper bags are also available, made from recycled paper.

Hassle Free

Handles staples and paper clips* in any corner

Swingline[™]

The Swingline™ Stack-and-Shred™ Series

is the right choice for personal, home office, small office, executive or departmental use. Smaller models are designed to fit neatly under a desk, while the quiet operation and robust LED user interface mean the larger Stack-and-Shred models work without disrupting an office.
